Fish Condition Injury Data Table Fieldnames and Descriptions

NOTE: Generally, fish condition data are available between April and November each year.

Table Fieldname (csv fieldname)	Description
Site (site)	Fish condition sampling site (see the following table). Fish condition data are a sub-sample of the sample data collected at SMP site locations.
Date (datadate)	Date fish condition sub-sample collected.
Batch (batch)	The name of the day's sample. It is the end date of the sample in the format of yyddd. yy is the year and ddd is the day of the year. NA refers to days with no sample data.
Species	Species of fish includes: CH0 - Chinook sub-yearling; CH1 - Chinook yearling; ST - Steelhead; CO - Coho; SO - Sockeye; AP - Pacific lamprey ammocoete; MP - Pacific lamprey macrophthalmia; and LAMP - All lamprey juveniles.
Eye_Injuries (eyeinj)	Total number of eye injuries for the selected species, site, and date.
Operculum_Injuries (opercinj)	Total number of operculum injuries for the selected species, site, and date.
Body_Injuries (bodyinj)	Total number of body injuries for the selected species, site, and date.
Fin_Injuries (fininj)	Total number of fin injuries for the selected species, site, and date.
Head_Injuries (headinj)	Total number of head injuries for the selected species, site, and date.
Total_Fish_Injured (fishinj)	Total number of injured fish for the selected species, site, and date. Note: A fish with multiple injuries is only counted once in this total.
Number_Fish_Sampled (numsamp)	Number of fish by species within the daily site sub-sample of fish condition data.

Fish Condition Sampling Sites

NOTE: Daily fish condition data for the current year lag one day behind the current day.

Abbreviation	Name	Year with Data Available in Fish Condition Query	Location
BON	Bonneville Dam	2009 to present Beginning 3/1/2009 through present	Columbia River
JDA	John Day Dam	2009 to present Beginning 4/1/2009 through present	Columbia River
MCN	McNary Dam	2009 to present Beginning 4/9/2009 through present	Columbia River
LGR	Lower Granite Dam	2009 to present Beginning 3/26/2009 through present	Snake River
LGS	Little Goose Dam	2009 to present Beginning 4/1/2009 through present	Snake River
LMN	Lower Monumental Dam	2009 to present Beginning 4/1/2009 through present	Snake River
